General Thomas M. Ryan, Jr., USAF
Commander in Chief
Headquarters Military Airlift Command
Scott Air Force Base, Illinois 62225

Dear General Ryan:

I appreciated your letter of 12 August 1983, and have sought the views of appropriate CIA officials concerning the points you raised in it. We certainly want to be fully responsive to your intelligence needs, and would like to discuss these with you personally. If you plan to be in Washington anytime soon, I will ask the responsible component chiefs to arrange to meet with you then.

Sincerely,

William J. Casey
Director of Central Intelligence
